

Profile Summary

Biomedical Engineering graduate with internship experience in medical device Regulatory Affairs across EU MDR, US FDA 510(k), and India CDSCO pathways, including MD-16/MD-17 import-licence support. Hands-on with ISO 13485 QMS documentation, ISO 14971 risk analysis, Device Description, and Substantial Equivalence. Seeking an entry-level QARA role to support quality systems, regulatory submissions, and product registrations.

Education

Bachelor of Biomedical Engineering

Dhanalakshmi Srinivasan College of Engineering , Coimbatore 2022 - 2026
CGPA : 7.81

Higher Secondary

Govt Boys Higher Secondary School, Uthangarai 2021 - 2022

Secondary

Govt Boys Higher Secondary School, Uthangarai 2019 - 2020

Internships

Perfint Healthcare Pvt Ltd

QARA Intern | 3 months

- Drafted Device Description and Substantial Equivalence sections for a Class II 510(k) submission, cross-referencing predicate device data across 2 FDA clearances.
- Supported product identification workflows by assisting with GTIN creation on the GS1 Portal and submitting Form MD-16/MD-17 applications via the NSWS Portal.
- Collaborated with cross-functional teams to maintain regulatory trackers and monitor submission progress, pending items, and document status using Microsoft Excel.

Medfins International LLP

Regulatory Affairs Intern | 2 months

- Gained hands-on understanding of ISO 13485 QMS documentation; performed ISO 14971 risk analysis and developed FMEA tables.
- Assisted in preparing Device Master File and labelling documents.

Core Skills

- ISO 13485 & QMS Understanding
- Risk Management (ISO 14971)
- EU MDR and US FDA technical documentation
- Medical Device Classification
- CDSCO Import Licensing (MD-16/MD-17)

Tools

MS Excel | MS Word | GS1 Portal | NSWS Portal | FDA eSTAR

Projects

AI & IoT Based Smart Cradle System

Developed an AI and IoT-based Smart Cradle System using ESP32 for effective infant monitoring and safety. The system integrates sensors such as DHT11 and LDR to monitor environmental parameters like temperature, humidity. It includes an automated cradle rocking mechanism using a motor driver to soothe the baby when needed. Real-time monitoring and alert notifications are enabled through IoT connectivity, allowing remote access for caregivers.

Certifications & Training

- ISO 13485:2016 Awareness & Internal Auditor Training (ISO 19011:2026) — Perfint Healthcare Pvt Ltd, Aug 2026

Soft Skills

- Attention to Detail | Teamwork and Collaboration | Time Management | Analytical Thinking
